

Some items are essential to keep out where they can be seen and not forgotten, while other items are too large and heavy to put away. Below please find some ideas for camouflaging these unsightly, yet necessary, items.

1- Medicine and vitamin bottles, remote controls

- decorative trays, boxes and/or baskets
- a chic caddy, such as this: <https://www.containerstore.com/s/stackers-terrazzo-remote-control-caddy/d?q=caddy&productId=11014364>

2- Household papers

- matching letter trays
- cubbies, such as this: <https://www.containerstore.com/s/adjustable-paper-sorters/d?q=file+sorter&productId=11002719>

3- Three-ring binders that may contain your filing system, such as recipes

- use binders that are all the same color (preferably white or black), and
- have a uniform labeling system

4- Workout spaces that are within a multi-purpose room

- a repurposed bi-fold door
- screens or shutter room dividers, such as these: https://www.lampsplus.com/products/s_screen-divider/?s=1
